How would we describe it on the phone?

Wolf Tales is a family show suitable for ages 5+. The show features a wonderful puppet wolf (not too scary) who is having a break between scenes in *Little Red Riding Hood* and is eager to set the record straight on his role in classic fairytales, whilst also looking after his young cubs. It's hard work playing a notorious villain and being a responsible dad! This show really will entertain the whole family adults as well as children.
